PRESIDENT: Senator Hall.

SENATOR HALL: Mr. President, members, as the Clerk has mentioned, this bill was brought to me by the Pearl Harbor Survivors Association of Nebraska. It simply allows them to have plates that make this designation. We do it currently for the prisoners of war. Your initial fiscal note that showed up came in at a little over \$5,000. We questioned that and we were brought a revised fiscal note that you currently have in your book today. The cost would be \$280. This cost will be assumed by the association. So there will be no cost to the state. I would urge the adoption and the movement of the bill.

PRESIDENT: Is there discussion on the bill? If not, the motion is to advance the bill from General File. All those in favor vote aye, opposed vote nay. Please record your vote on the advancement of LB 864. Have you all voted? Record the vote, Mr. Clerk.

CLERK: 26 ayes, 0 nays, Mr. President, on the motion to advance the bill.

PRESIDENT: The bill is advanced. Next is LB 904.

CLERK: Mr. President, 904 was a bill introduced by the Select Committee on Early Childhood Special Education. (Read.) The bill was read on January 10, referred to the Health and Human Services Committee for hearing, advanced to General File. I have no amendments to the bill.

PRESIDENT: Senator Vickers.

As this select committee
